### **CD DIGIPAK Components**

Carolyn Waters' CD package makes great use of a wonderful watercolor painting for the cover and vertical strips form the watercolor were also used on the Digipak and the lyric booklet. Quality photography and distinctive Calligraphy by Amy Veaner helps to makes this an outstanding visual package for Carolyn's distinctive music.

Lyric Booklet Cover & Inside spread

Goodbye-Goodbye hen I wake up Be gone from my bed Be gone from my life Be gone from my head Take your troubles Put your feet on the floor Don't look back Walk out that door Oohhhhh, ohhhhhhh, ohhhhhhh, ooooohhhhh Lost myself Went up and down Tried to make us new Keep you around Now sick of your trouble Sick of your face Sick of your lies You're a big disgrace Oohhhhh, ohhhhhhh, ohhhhhhh, oogoohhhhh Wash you away Hands will be clean Life will be big Gonna live my dream (Gonna live my dream) (Gonna live my dream) Goodbye, goodbye, goodbye, goodbye, (Oohhhhh, ohhhhhhh, ohhhhhhh, ooooohhhh

# Goodbye, goodbye, goodbye, goodbye, (Oohhhhh, ohhhhhhh, ohhhhhhh, ohhhhhhh, ooooohhhhh)

I had six months of Mondays And I couldn't break their hold I had six months of Mondays Left me feeling (left me feeling) so darn cold I needed a month of Sundays To soothe my wretched soul I had six months of Mondays Then a Tuesday came around It found me blue, found me tired Found me run into the ground What I needed was a month of Sundays To help turn my life around

## I dreamt of brown eyes, his eyes are blue Of maybe a tall man, he's five foot two wanted a young man, he's a little bit old

And when it comes to lovin', he's a little too cold But then he said.. Baby (baby) baby (baby) babeee

Oh ves, he said baby (baby) baby (baby) babeee He whispered sweet baby (baby) baby (baby) babeee Will you be mine? Will you be mine? And I'm his for all time oh-oh, oh-oh, oh

I wanted a diamond, he brought me pearls wanted him only, he kept other girls He walks among strangers. I'm a little bit shy Friends they see him, and then ask me why.

Because he says .... Baby (baby) baby (baby) babeee Oh yes, he calls baby (baby) baby (baby) babeee He says my baby (baby) baby (baby) babeee, Then he looks in my eyes. Looked in my eyes. And I melt away inside oh-oh, oh-oh, oh

All of the other girls (so many girls) (lots of girls) All over town They try to say to me (speak to me) (tell me) He messes around I want to save myself (help myself) (keep myself) From falling down But he always there, to keep me around...

By saying.... Baby (baby) baby (baby) babeee He calls baby (baby) baby (baby) babeee He says my baby (baby) baby (baby) babe Come stand by my side. Stand by my side. And I'm his for the ride. I'm his for the ride (oh-oh, oh-oh, oh) (3x)

Will I Make It Home (Aunt Gret's song) Have I lived a good life

Have I fought the good fight? Will I be forgiven for my sins? Have I lived the Good Book? When He takes that long look When I reach those gates will I get in Will I be free of pain Will I come back again? Will I rot slowly in my grave, in my grave Will I make it Home? (4x) Tell my sons and daughters As I cross the waters Though I made mistakes I still loved them so I didn't make the time Thru years I can't unwind To reflect on hurt I sometimes sowe Don't wait 'til it's your time To clear your heart, your mind Heal the ones who matter melt their pain, melt their pain

Will I make it Home? (6x)

The 12-page lyric booklet included professional photography with sections of art taken from the cover illustration. The cover illustration used the pencil sketch eventually used for the cover watercolor by Margo Lemieux.
